

ROOFSAFE

ALL PURPOSE DE-ICER

SPECIFICATIONS

COLOUR: White

TOXICOLOGY: None

APPLICATION TEMPERATURE: Up to -55°C

SIZE: 3.75 kg with spreader cover
10 kg pail

COVERAGE: 1 lbs / 100 ft² (500g / 10 m²)

ADVANTAGES

- Does not damage roofs
- No accumulated residue
- Non-harmful for vegetation
- Proven effectiveness

RESTRICTIONS: ROOFSAFE is harmful if ingested and may irritate skin. Avoid contact with eyes.

APPLICATION: ROOFSAFE is an exothermic product, i.e. if in contact with moist air, it releases heat of 643 BTU/kg to allow snow and ice to melt. Spread 1 lbs / 100 ft² (500g / 10 m²) of Roofsafe uniformly on the roof, without excess. Seal container after use.
